

LEADING EDGE TPA SERVICES

TPA SERVICES JUST GOT EASIER.

Advanced Technology = Savings + Customization

Only BeneBay gives you **next generation technology and expert third party administrative services** that can be customized for any size insurance or employee benefit organization.

BeneBay's TPA and back office services are comprehensive and versatile:

- ✓ Custom services from plan design and compliance testing to member services, premium collection and payment, repricing, and claims adjudication and management
- ✓ Real-time, cloud-based platform that can make immediate payment at the point-of-service
- ✓ Monthly or annual subscription fees (SaaS model) includes software license and most other fees
- ✓ Self-service reporting through advanced dashboard for multiple users
- ✓ System versatility supports Medicare, Medicaid, Special Needs Plans and commercial plans, as well as alternative and non-insurance products
- ✓ Currently serving more than 400,000 members

www.BeneBay.com

VALUE-ADDED PARTNERSHIPS

We manage key relationships that bring valuable benefits. They include:

- ✓ **Cigna** provider network established with more than 860,000 doctors and 6,200 facilities nationwide
- ✓ **Stop Loss Reinsurers**
- ✓ **Bonum Health** — Telemedicine
- ✓ **BuckRx** — Pharmacy benefits manager
- ✓ **Uzio** — Member access info online and through mobile app
- ✓ **CareValet** — Member appointment scheduling, ID cards and more

Count on **COMPETITIVE PRICING.**

Administering the highest quality technology and services comes first, but we deliver competitive pricing at the same time. In fact, unlike other companies, our implementation fees are at cost.

With greater data access and greater control comes the ability to accelerate interventions and reduce costs all along the healthcare continuum.

BOLD. BENEFITS. BETTER.
